JANUARY 7, 2019

Hurley Medical Center Job Fair Success with GST Michigan Works! Employee

“Karin Hemphill assisted Hurley Medical Center on various recruitment projects during 2017 and 2018. Karin was instrumental in ensuring that the flyers were sent to GST Michigan Works! various partners. The 2017 Job Fair was held at the GST Michigan Works! location in Flint in the afternoon. It was very successful. Our nurse managers, along with the recruitment team, interviewed over 100 applicants. Some were asked to complete an application on the spot. As a result, we were able to create a pool of nursing assistants and hire a nurse. Additionally, Karin has posted and referred applicants to us for our hard-to-fill positions. We also participated in the GST Michigan Works! Job Fair in early 2018.

“Karin is always willing to assist us in meeting our goals.”- Hurley Medical Center
