

CEMENT MASONS

TRADE SUMMARY

Cement Mason-finishes exposed concrete surfaces on many types of construction projects. These projects range from small jobs, such as the finishing of patios, driveways, and sidewalks to larger projects such as stadiums, concrete highways, foundations, walls, and concrete runways. Cement Masons also work with concrete after it cures with epoxy floors and floor polishing.

WHAT TO ANTICIPATE

Cement Masons typically work outside although inside work is not unusual. Much of the day includes climbing, balancing, stooping and kneeling and good physical endurance is required.
